Mr. Frank Battaglia
USEPA Region I HSR-CAN3
JFK Federal Building
Boston, MA 02283

Dear Mr. Battaglia:

The Phase IA field investigation of the CIBA-GEIGY Cranston, Rhode Island, facility is scheduled to begin on 9 July 1990. A scheduling summary of selected Phase IA field tasks is given in Table 1. For each task, the anticipated start and complete dates are given. Because these field tasks involve subcontractors, the scheduled start dates are tentative. Before initiating a site visit, USEPA or its oversight group may wish to contact me for an updated task status. I can be reached at either my office in Wayne, New Jersey, or at the facility. The telephone number at Cranston is (401) 461-2350. - FAX

461-2102

Should you have any comments or questions regarding the contents of this letter, please feel free to contact the undersigned.

Very truly yours,

Mark Houlday
